The information submitted for this contractor's registration is true and accurate to the best of my knowledge. I understand that permits are required to be issued prior to commencement of any and all construction work, and that periodic inspections must be requested by myself or my staff, to be performed by the Inspection Department, particularly prior to performing any work that will over or obscure previous work. The city reserves the right to hold or deny permits to contractors who fail to complete and obtain finals for each permit issued under their registration. Further, the city may fine or suspend the registration of any contractor who fails to comply with applicable city, state, or federal codes and regulation. If citations are issued for violations, the city is obligated to contact any applicable licensing board.
