Citizens are asked to use caution in the area and watch for race participants between the hours of 9 a.m. and noon. These roads will be opened at the conclusion of the run.

The Blowout at the Bunker event will be taking place in the airpark all day Saturday, November 12, 2022. Main parking for the event will be south of the Hangar 25 Air Museum located at 1911 Apron Drive. The area between Hangar 25 and the old Western Container building will be closed on Saturday; there will be no thru traffic during the event.
