

PUBLIC SERVICE ANNOUNCEMENT

Date: February 27, 2023
To: Media Outlets
From: Shane Bowles, Public Works Director
Re: Water Outage

On February 26, 2023, there was a 20-inch water main break at Johnson and 10th Street. This is a major water line that serves the north side of Big Spring. Crews have been working throughout the night to repair the leak, but at this time, the north and west sides of Big Spring still have low or no water pressure. Motorists are also advised that the road will be closed in the area while the repairs take place.

We sincerely appreciate your patience and cooperation in this matter. Crews will work as quickly as possible to restore water service. If you have questions, please contact the office of Shane Bowles, Public Works Director, at 432-264-2501.
