Re: Road Closure

---

The intersection of Benton and NE 2nd Street has been closed for utility crews to repair a gas leak. Atmos Energy has advised that they will need the intersection to remain closed for at least one more week to complete the repair.

Motorists should expect delays and are encouraged to use alternative routes when possible. We apologize for any inconvenience and ask for your patience while the work is completed. Please direct any questions or concerns to the office of Shane Bowles, Public Works Director, at 432-264-2501.
