Re: Large Water Leak

There is currently a large water line break near the Howard County Fairgrounds. City utility crews will be repairing the leak but customers on the west side of Big Spring will have low water pressure and/or total water interruption while repairs are made.

We apologize for any inconvenience and ask for your patience while these repairs are completed. Please direct any questions or concerns to the office of Shane Bowles, Public Works Director, at 432-264-2501.
