Re: Major Gas Line Break

---

According to Big Spring Fire Department personnel, a large diameter gas line was broken at a construction site near Goliad and FM 700 around 9:30 a.m. this morning. Atmos Energy crews are currently on scene to work on the repairs to the gas line. Gas service to Highland residents will likely be interrupted while repairs are underway. Fire officials are asking the public to avoid the area and anticipate that repairs to the broken gas line could take several hours. We sincerely appreciate your patience and cooperation in this matter.
