

## **PUBLIC SERVICE ANNOUNCEMENT**

---

Date: January 19, 2024  
To: Media Outlets  
From: Shane Bowles, Public Works Director  
Re: Water Interruption Notice

---

On January 19, 2024, at 4 p.m. water service will be shut off for customers in the area of Parkway and Wasson Road so utility crews can perform water line repairs. Customers in the area will have low to no water pressure until the repair is complete. Crews will work diligently to restore service as quickly as possible. We understand this is an inconvenience for our citizens and we appreciate your patience and understanding.

The water line repair on the north side of Big Spring has been completed and water has been restored to those residents. North side residents are asked to contact the Public Works office at 264-2501 if you still do not have water service currently.

Citizens are asked to report water line leaks or breaks by calling the Utilities Department at 432-264-2392. Emergency Utility Crews respond to water leaks at any time of the day or night.

We sincerely appreciate your patience and cooperation in this matter. If you have questions, please contact the office of Shane Bowles, Public Works Director, at 432-264-2501.
