Re: Water Outage

Contractors working at the intersection of Goliad and FM 700 have hit and broken a water service line. Businesses and customers in the area will have little to no water pressure until repairs are complete. Crews are currently on-site working to repair the line and restore water service.

We sincerely appreciate your patience and cooperation in this matter. If you have questions, please contact the office of Shane Bowles, Public Works Director, at 432-264-2501.
