

PUBLIC SERVICE ANNOUNCEMENT

Date: June 17, 2024
To: Media Outlets
From: Sandy G. Smith, Finance Director
Re: Water Meter Inventory

City of Big Spring citizens are advised that workers from Tex Specialty Services will be conducting an inventory of all city water meters. This will involve technicians checking inside and around the meter boxes outside of the home. Citizens will never be asked to allow technicians inside their residences for any reason. Tex Specialty Services will be working all over town, one neighborhood at a time on this estimated 6-week project.

If you have any questions, please contact the City of Big Spring Water Office at 264-2543.
