Date: May 27, 2025  
To: Media Outlets  
From: Jay Holt, Big Spring Fire Chief  
Re: Storm Siren Testing

---

On Wednesday, May 28, 2025, City of Big Spring Emergency Management officials will be conducting maintenance and testing on a new emergency warning siren installed at the ABC Park. There will be short intervals of siren testing during the afternoon hours. We will complete siren testing at 5:00 P.M. Any siren heard after 5:00 P.M. on May 28, 2025, will not be a test.
