Re: Water Line Repair Update

The City of Big Spring would like to notify citizens that Birdwell Lane, from FM 700 to East 25th Street, will be reduced to two lanes of traffic while utility crews continue repairs on a water line.

During this time, residents and businesses in the area may experience low to no water pressure.

We understand this may cause inconvenience and appreciate your patience as our crews work as quickly and safely as possible to complete these repairs. Please use caution when driving in the area and be mindful of crews working near the roadway.

If you have questions, please contact the office of Shane Bowles, Public Works Director, at 432-264-2501.
