

## PUBLIC SERVICE ANNOUNCEMENT

---

Date: December 12, 2025  
To: Media Outlets  
From: Shane Bowles, Public Works Director  
Re: Water Service Interruption

---

The City of Big Spring would like to notify residents that there will be a temporary interruption of water service on Sunday, December 14, 2025, while City utility crews are repairing a water line at the intersection of Oak Glen and Goliad Street.

Please be advised that residents and businesses in and around the Highland neighborhood may have low to no water pressure during this time. Crews will work diligently to restore service as quickly as possible, but residents in the affected areas should plan for possible delays. Once service is restored, customers may experience temporary discoloration or low water pressure. This is normal and should clear after running the tap for a short period.

We apologize for any inconvenience and appreciate your patience while we work to improve and maintain the City's water system. For questions or additional information, please contact the Public Works Department at 432-264-2501.
